JAZZ - *For your own unique rhythm.*

Maxi-planks & herringbone for a creative home.

JAZZ is emotional, liberating, and stylish. This flooring is unconventional, harmoniously combining contrasts with elegant maxi-planks (RM 500 S) or individual herringbone (RS 500). It sums up the fine art of living to perfection – with a look that radiates naturality while deliberately setting accents. Ideal for anyone who combines improvisation with elegance in their interior design.
