MeisterDesign. rigid

## Low in emissions and recyclable

- Made in Germany
- Phthalate-free

## Easy to install

- Floating installation without glue
- Cut instead of saw
- Can be installed on old coverings/does not show through when installed on tiles
- Sound-absorbing cushion integrated
- Stable and secure click connection

## Durable and low-maintenance

- Waterproof
- Suitable for bathroom & kitchen
- High wear class 23/33 (intensively used areas)
- Extra stable construction
- Stain-resistant
- Vacuum cleaning is sufficient, wet cleaning as required
- Anti-slip

## High-quality sound-absorbing cushion

- Made from stable, recyclable XPS foam
- Soft and comfortable
- Pressure-mark resistant
- Waterproof
- Reduced walking and impact noise

## Dimensionally stable

- Dimensionally stable, even with sunlight and temperature fluctuations
- Suitable for home conservatories
- No transition profiles or expansion joints necessary in doorways
- Can be installed continuously on 15 × 15 m
- Suitable for underfloor heating/cooling

# The new generation of vinyl

Vinyl flooring is a thing of the past, today's all about Rigid Core – waterproof, durable and low-maintenance! The innovative MeisterDesign. rigid design flooring is the completely uncomplicated all-rounder: Easy and safe to install as floating flooring, stable even when exposed to heat and low in emissions and recyclable to boot. High-quality, authentically embossed decor surfaces in trendy colours make MeisterDesign. rigid a visual highlight for every home. The floors are perfectly suitable for renovations with their low installation height.

**MeisterDesign. rigid RL 400 S / RB 400 S**

# The durable flooring

The rigid polymer base board, in combination with the integrated sound-absorbing cushion, ensures a heavy design that dampens vibrations – resulting in a flooring that is both resilient and quiet. Another point in its favour is that the high-quality surface with excimer lacquering produces a particularly even and matt floor finish. At over 1.80 m and with decors that don't repeat on the planks, the long plank collection RL 400 S is absolutely extraordinary!

**MeisterDesign.** rigid RD 300 S

# The comfortable flooring

The waterproof flooring exhibits excellent dimensional stability thanks to its special rigid-polymer base board, while an additional elastic intermediate layer dampens the footfall noise in the room and lends the floor a particularly soft feeling to walk on. The multilayer vinyl surface with PUR coating makes the floor extremely easy to maintain. An integrated sound-absorbing cushion on the back ensures more peace and quiet in the rooms below. Despite their high level of stability, the planks still have a relatively low surface weight – this makes them particularly easy to transport and work with! All this makes the flooring in this collection unique compared to conventional Rigid flooring – quality made in Germany!

A modern, minimalist shelf is mounted on a vibrant orange wall. The shelf's surface is a thick, natural wood slab with a rough, textured edge. It is supported by a dark metal frame consisting of two intersecting diagonal bars that form a large 'X' shape. On the shelf, from left to right, there is a small white Buddha figurine, a dark glass vase with green leaves, and a stack of four books. The top book is white with 'HANSER' and '33 Erfolgsrezepte der Innovation' printed on it. The second book is dark with a white cover. The third book is purple with 'RAINER FETTING' and 'DISTANZ' on the spine. The bottom book is white. The floor below is made of large, grey, textured tiles. The lighting creates strong shadows on the wall and floor.

# For a perfect finish

With MEISTER, you can be sure that everything goes together! Underlay materials, skirting boards, profiles and ends – you get everything from one source. Making your flooring into a long-lasting integrated furnishing solution that suits you perfectly.

Skirting board 13 PK profile / Plain white gloss 324 (decorative film)

## White skirting boards

White skirting boards suit every style and effortlessly complement all other colours. Our mouldings with a white decorative film combine excellently with all floors. Some profiles are also available in the plain colours anthracite, stainless steel and black.

## Skirting boards in the same shade

Mouldings in the same shade or decor achieve pure harmony between floor and skirting boards. They are tuned to the respective flooring's decor and thus optically extend the floor up to the wall.

Skirting board 8 PK profile / Cosmic beam 7436 / Decor

Skirting board 9 PK profile / White paintable 2222 (individual colour)

## Skirting boards to paint yourself

The same colour as your walls? To match your furniture? Or something completely different? It's up to you: design your skirting boards exactly according to your own wishes!
