

WE HAVE THE COOLEST STRIPES!

Acoustic Sense.
Stylish and functional acoustic panels in three collections: **STYLE**, **AUTHENTIC** and **BOLD**.

What do a zebra, toucan and hippo have in common? character, style and uniqueness – just like our MEISTER acoustic panels, **AUTHENTIC**, **STYLE** and **BOLD**! With an impressive design and sound absorption, they bring a modern look and cosy atmosphere to your home. Be it with true-to-nature wood decors, on-trend colours or a distinctive wide design – each collection makes a stylish statement.

Even partial coverage of your wall or ceiling considerably improves the acoustics in the room and creates a space where you can truly feel at home. The panels are not only eye-catching, but practical too: their moisture-resistant surfaces make them durable and easy to maintain. Even in humid rooms, such as bathrooms, the Acoustic Sense panels confidently deliver function and style.

Acoustic Sense AUTHENTIC
A highlight for every home – authentic, functional and sustainable!

As distinctive and stunning as a zebra on the savannah! Thanks to their unmistakable elegance and aura, you can't help but notice a zebra – just like these acoustic panels. They cleverly combine design and function to create a real highlight: floor-to-ceiling panels with true-to-nature wood decors that are easy to install and enhance any wall with their modern look. A statement for style and natural character!

Acoustic Sense STYLE

Acoustic Sense **STYLE** – as colourful and stylish as modern living!

As vibrant and colourful as a toucan in the jungle! With stylish decors in on-trend colours, these acoustic panels add distinctive highlights while ensuring pleasant room acoustics. The matt, muted colour palette strikes just the right chord with current interior trends and goes perfectly with all kinds of flooring. Whether as a subtle detail or a bold accent – the panels are real all-rounders and look stunning in any interior.

Acoustic Sense BOLD
Acoustic Sense **BOLD** – wall design with plenty of character!

As bold and distinctive as a hippo – you simply can't miss it! The Acoustic Sense **BOLD** acoustic panels bring power to your walls. With extraordinary designs and impressively wide 67-mm slats, they add powerful accents for a room with distinctive character. The floor-to-ceiling panels are effortless to install and combine a stylish look with practical functionality.

Acoustic Sense WOOD

For everyone who wants more!

Do you like a natural, elegant look? Then Acoustic Sense WOOD is just the thing for you! These acoustic panels in high-quality solid wood create a noticeably improved atmosphere – especially in spaces without curtains and textiles. The matt lacquered oak slats with deep brushing showcase the natural beauty and texture of the wood. Whether it's as a stylish design element on the wall or to optimise the acoustics of the room – Acoustic Sense WOOD provides sound absorption of up to 100%, regardless of installation type.

Natural. Stylish. Distinctive. Acoustic Sense WOOD.

Solid wood stripes with micro-bevel at the side and matt lacquered surface

Base material made of sound-absorbing felt (vegan) with a high recycled material content of 70%

Slats glued across the entire surface, not partially stapled (can be cut anywhere)
